There are various ways and times of duration to fast. Fasting is a spiritual discipline that brings: clarity of purpose, supernatural power and grace, wisdom, knowledge, strength, spiritual depth and discernment, and develops one's trust, and devotion with God and His purposes.

We will begin 2012 by bringing all areas of our lives into alignment with God through prayer and fasting. This includes personal, family, ministry, career, profession, health, finances, and goals.

May we, as never before, seek God that this year we will be perfectly aligned with Him.
